Beyond the Dragons

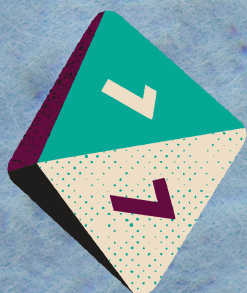

A Tabletop RPG Club

The Basics

We will be trying different systems each month and playing through a one-shot! Because of limited time, characters will be built ahead of time and basic rules will be sent out at the same time, so we can jump right into gaming!

If interested, you must register for each game individually at least eight days ahead of time so we can spend the week leading up getting prepared together!

The Contacts

The main point of contact is Mx. Samma, who can be reached at samma@phlib.org

All games will be assisted by at least one other staff member.
